Whitford Press,U.S., United States, 1997. Paperback. Condition: New. Language: English . Brand New Book. At its simplest level, synastry is the examination of the interaction of two astrological charts. Since questions about the relationship are perhaps the ones most often asked of the astrologer, the art of synastry is a basic skill to practice astrology at any but the most casual level. Planets in Synastry takes the reader through the steps of this complex process. Individual phases of a relationship are set out and a method for analysis of each phase is described. It focuses not only on the analysis of synastry, but on the translation of the insights into real life applications.
