Bellum Publishing, United States, 2011. Paperback. Condition: New. Aufl.. Language: English . Brand New Book. Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Collaboration between the IRA and Abwehr during World War II ranged in intensity during the period 1937-1943 and ended permanently around 1944. The Irish Republican Army (IRA), a paramilitary body active in Ireland, seeking to unify the island of Ireland, removing Northern Ireland from the United Kingdom, shared intelligence with the Abwehr, the intelligence service of Nazi Germany. The Government of Nazi Germany, like all Governments, used intelligence gathering to help inform its decisions. Intelligence gathering is not an exact science and the Abwehr was not a particularly professional organisation until after it was reorganised in 1938.
