## Oracle Linux 5 and 6 System Administration

By L Landry

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 68 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Oracle Certified Associate, Oracle Linux 5 and 6 System Administrator These questions are similar to the ones asked in the actual Test. How should I know I know, because although I have been working as an Oracle Linux Admin for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of Oracle Linux 5 and 6 System Administration This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of Customizing the shell environment, File archiving and compression, Kernel development model, Compatibility with RedHat, Installation, Boot process and Service Administration, System Configuration Options, Installing and maintaining Packages, Managing Ksplice, Automating tasks, System Logging, Kernel Modules, Filesystems, Storage Devices, Network Configuration, PAM, Security and Troubleshooting. The exam is Computer based and you have 150 minutes to answer 80 Questions. The Questions are (mostly) multiple choice type and...

### Reviews

*This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.*

-- **Juston Mraz**

*This is an incredible book that I have ever read through. It can be rally exciting throg reading through time period. I discovered this publication from my i and dad recommended this pdf to find out.*
