This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2010 in the subject English Language and Literature Studies - Linguistics, grade: 1,0, University of Frankfurt (Main) (Institut für England- und Amerikastudien), course: Bilingualismus, language: English, abstract: In today's globalized world bilingualism, defined as the regular use of two or more languages, is a widespread phenomenon and has become nearly the standard and monolingualism the exception. Consequently linguists have become more and more interested in this topic and in the last decades much has been published regarding bilinguals and their language behavior. Being able to manage two different languages or dialects, bilinguals are capable to code-switch within their languages. Code-Switching (in the following referred to as CS) occurs when a word or a phrase in one language substitutes for a word or phrase in a second language. Code switching is the alternate use of two (or more) languages within the same utterance, as illustrated in (1) (Belazi, Rubin, and Toribio, 1994). (1a) This morning mi hermano y yo fuimos a comprar some milk. This morning my brother and I went...
