You may arrange your own itinerary, so as to visit all the principal fruit-growing sections in Quebec, Ontario, Maritime Provinces and British Columbia. It is desirable that you should also visit those localities in Manitoba and Alberta where apples are being grown with more or less success. You will of course consult with the various Provincial authorities and officers of the Provincial Fruit Growers Associations, all of whom have been notified of the object of your inquiry and have been asked to assist you as far as it may be convenient to them to do so. You are also at liberty to make use of the services of the officers of this Branch stationed at the various points that may be covered by your itinerary. Arrangements will be made as far as possible for some one familiar with the different districts to accompany you as a sort of guide to facilitate your investigations. A list of the officials in the various Provinces together with the names of many prominent fruit-growers is being prepared for your information....
