As our class of 60 concludes its senior year, Mr. Sydney A. Tibbetts completes a brilliant teaching career of fifty-five years at lick-wilmerding. Mr. Tibbetts joined the faculty in 1905 and since then has been an eminent member of the school and an inspiration to his many students, including many of today s leaders in business and industry. In addition to teaching classes in qualitative and quantitative chemistry, ge ology, metallurgy, assaying, soil and water analysis, and photography, he has done extensive research in these fields, often driving thousands of miles to observe at first hand new methods and operations. He has been a. Consultant for numerous com panies and last year was hon ored by the American Chemical Society. Among his many other interests, athletics have always held an important place: he was a track star at the University of California and has been an ardent supporter of all lick-wilmerding teams. A familiar figure at all school events, he is a friend of students, parents, and alumni. It is, therefore, with great respect that we, the class of 1960, dedicate this.
