Dormouse Press, an imprint of Guidemark Publishing Ltd, United Kingdom, 2011. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Wallace D Wattles (1860-1911) believed that there is a Science of Getting Rich. It is an exact science, he said, like algebra or arithmetic. He explained that there are certain laws which govern the process of acquiring wealth - and once you learn and obey those laws, you will get rich with mathematical certainty. The Science of Getting Rich will show you how to use creative visualisation to achieve your goals and - by impressing your thoughts on the original substance of the universe - make your desires a reality. Do not wait for an opportunity to be all that you want to be, said Wallace. When an opportunity to be more than you are now is presented and you feel impelled toward it, take it. It will be the first step toward a greater opportunity.
