### THIS IS MARS (HARDBACK)

aperture, United States, 2013. Hardback. Condition: New. Language: English . Brand New Book. This Is Mars offers a previously unseen vision of the red planet. Located somewhere between art and science, the book brings together for the first time a series of panoramic images recently sent back by the U.S. observation satellite MRO (Mars Reconnaissance Orbiter). Since its arrival in orbit in 2006, MRO and its HiRISE telescope have been mapping Mars' surface in a series of exceptionally detailed images...

## Reviews

---

*This book may be worth buying. I have read and I am confident that I am going to planning to go through once more once again in the future. It's been written in an exceptionally easy way and it is simply soon after I finished reading this publication in which actually altered me, modify the way I believe.*

*Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
