

Heart Sounds: A Cardiac Auscultation Primer (Paperback)

Filesize: 3.31 MB

Reviews

This type of publication is almost everything and taught me to hunting ahead plus more. It is written in easy terms rather than difficult to understand. Your way of life period will likely be transform once you comprehensive looking at this ebook.
(Gladyc Reinger)

HEART SOUNDS: A CARDIAC AUSCULTATION PRIMER (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Are you mystified by murmurs? Puzzled by pitch? Stymied by splitting? If so, this is the book for you. Cardiac auscultation can be a frustrating skill to learn, and many physical examination texts address cardiac auscultation in a cursory fashion. The wide variety of heart sounds available on CD and the internet may serve more to confuse than to clarify. The philosophy of this book is that understanding is a much more powerful tool than memorization in arriving at a differential diagnosis. This book takes the form of a programmed text. Each page presents a simple concept or two related to anatomy, physiology, pathophysiology or even physics. Applying this knowledge - knowledge you already possess - provides a solid foundation for arriving at a diagnosis in many cases.
