When I looked around, I could tell things weren't quite right. I recognized the room, but it wasn't my room. When I got up, my head felt heavy and seemed bigger somehow. I went to look in the mirror and. Yikes! , I screamed. How could this be? This had to be a dream. I rubbed my eyes and looked again. This had to be a dream, I thought. What other explanation was there? The face staring back at me in the mirror was my Minecraft character's face! CreeperDeet loves Minecraft, but when he finds himself trapped in the game, will all his playing skills be enough to help him battle real-life skeletons and find a way out? Follow the adventure to find out! This first book in the Trapped in a Mine Crafter s World is a great read for any one who loves Minecraft! School aged kids can read on their own, and it's a fun family read for younger players.
