

A German Language Cours on Historical and Linguistic Principles. 2nd Edition

Filesize: 3.27 MB

Reviews

Very useful to all category of men and women. I actually have study and i also am certain that i am going to going to read through again once more down the road. Its been written in an exceptionally simple way and is particularly only soon after i finished reading this publication by which basically altered me, modify the way in my opinion.

LINCOM, 2011. Softcover. Book Condition: Neu. Dust Jacket Condition: Neu. 1. Auflage. The people of England and Germany share a common origin from the times of their settlement in Europe and they derive their culture and civilisation from the same sources in the antique and medieval world of Graeco-Roman learning. This course in basic German is built on these foundations; it is designed for speakers of English and others with a good grasp of the English language and draws particular attention to the vocabulary shared by both English and German. Word pairs of similar meaning and form are presented in groups according to the sound laws which determine their relationship, for instance English t corresponds to German z (pronounce /ts/) in tame zahm, tongue Zunge, tin Zinn, twelve zwölf and other words. Learners can take advantage of this similarity, which occurs with vowels as well as consonants, to help them learn vocabulary more quickly as well as to guess the meaning of an unknown word. Another chapter has been devoted to the common European cultural heritage of Greek, Latin, French, Italian and Spanish vocabulary which is shared by English, German, Dutch and many other languages. The words chosen may not always be of so-called practical use that are most frequently taught in conventional language courses. Instead, we advise the learner to read German literature carefully, to listen to speech produced for real communication and to learn suitable phrases and texts, songs or verses by heart as soon as he feels ready. There are longer pieces covering a variety of text types at the end of the course as examples of suitable study material for the learner. The grammar, too, has been selected carefully for this course. It should show how these closely related languages have many points of general agreement...
